Hello Chief,
Maybe you can help out here re. attached recent DRE complaint,(Arif if you don't mind fwding if this not Chief's email).Sorry to intrude on your retirement Chief but this old matter just won't go away .
When you were at the ,(I recall USC related), function,photographed sitting with Steve and CAG at the time Kamala Harris,or at any other point,did she ever lean on you ,or any police to your knowledge,in any conceivable way to not repatriate those witness statements and/ or availability of witnesses ,with LAPD DR 12-09-11015 or any amendment or re-do of it or the attached fact sheet?Can you reply all back to agent Yarbrough?
To me it's all just not adding up yet.How did Steve get the statements,and a registered process server in San Francisco swear he served my notice to Kamala on her in individual capacity re. perceived corruption in the Thomson affair,and the statements and fact of availability of witnesses still not end up repatriated with LAPD DR 12-09-11015?
However I'm not a POST expert.Can you clarify as you supposedly contributed to the sign off of the attached Lizarrraga/Juvenile div. fact sheet?
I have made a statement on penalty of felony directly to agent Yarbrough addressed here,and will state face to face to an agent of FBI in anticipated pending sit down,and sign perjury statement in person on video in front of an agent,I'm 100 percent sure I got the phone call from Soboroff himself acknowledging he received the witness statements after I had mailed them U. S.P.S. to his office on Montana Ave.I'm 100 percent sure it was him and he stated he was going to show them to everyone.I did not lie in any declaration about the matter since.
Also,in re. credibility of S.A. Yarbrough's ic.fbi.gov email address see attached PDF marked CONFIDENTIAL _ic.fbi.gov.pdf,(containing a redacted reply by his subordinate from FBI.gov address).Again,please contemplate a possible open or pending federal investigation.If you choose to remain silent please acknowledge receipt so I don't keep trying to contact you via others.
Thank you for you great years of public service. If you and Steve were indeed a bit star struck by Harris,and caved to any pressure by her to keep a police report and internal documents falsified,I'd hope you would not at this point go down for her,and would instead make an arrangement with the feds and POST.I believe any and all statutes of limitations criminally are long past but you'll have to check with a lawyer.
Mr. Kilroy
